EDUCATION

THE MMA DIFFERENCE

MMA provides a different risk management experience to Education clients. We seek first to understand your unique exposures and then strategize the most effective methods to address those issues. Insurance is an important tool in that process. It is through our many resources—premier brokerage services, enhanced underwriting negotiation, and contractual reviews—that we demonstrate true value in the Education industry. This difference is what we call **World Class, Local Touch**—bringing the resources of an international firm while recognizing the importance of a local relationship.

OUR EDUCATION TEAM SPECIALIZES IN THE FOLLOWING AREAS:

Employee Benefits | We help you optimize your benefits investment by enabling you to attract and retain the best talent. We collaborate with you to design and implement a benefits program that accurately reflects your institution's culture and values.

Property & Casualty | Our goal is to assist you in reducing business and operational exposures to losses or claims that may cause interruption in operations and drastically reduce revenue.

Retirement Services | Our role is to provide top-level guidance to your institution's management on all aspects of retirement plan operations. Whether you are converting your plan, changing one or more service providers, updating your investment menu, or fine-tuning your plan on an ongoing basis, we're here to help!

Executive Benefits | Our team works to develop competitive benefit programs which attract, retain, and reward key administrators and faculty. We help you to achieve parity across all employees by implementing supplemental benefit programs which close gaps in coverage for highly compensated employees.

Personal Insurance | Our number one priority is making sure you are properly protected. We provide you with a personalized needs assessment rather than just a quote so you can make informed decisions.
